## Sillman pleads guilty

John C. Sillman, who owns and operates Sillman's Enco Service-Coffee Shop in Hondo, pleaded guilty on May 26, 1972 to failing to file quarterly Federal tax returns due on diesel fuel taxes and withholding taxes. Sillman entered his guilty plea to two counts of an information when he was arraigned before Federal Judge Jack Roberts in U. S. District Court, Austin.

Sillman had previously been charged in a nine count information filed by U. S. Attorney William S. Sessions on May 4, 1972, with failing to file quarterly returns reporting \$17,904 in collected diesel fuel taxes and \$5,272 for Social Security and income taxes withheld from his employees during the periods 1968 and 1969.

Federal Judge Jack Roberts accepted Sillman's plea of guilty to the two counts and scheduled sentencing for June 15, 1972.

District Director of Internal Revenue, R. L. Phinney, in Austin, said that the maximum sentence provided by law is a fine of \$10,000 or imprisonment of not more than one year or both on each count.

## Police Department hires man

The Hondo Police Department hired their recently-approved new man Wednesday with the arrival of 29-year old Robert Koch of Sabinal. Koch joined the Hondo department as the fourth full time uniform officer, plus one part time uniform man.

With the addition of Koch Police Chief Jerry Williamson will move into a full time investigative position. Koch is single and comes to Hondo from Uvalde County where he was a special deputy and game warden. He will undergo a regular training period before becoming part of the regular shift schedule of the police department.

Chief Williamson also announced that the department was expecting their new car within the next week. The car, the department's third, will allow uniform officers to have two units at their disposal at all times plus the chief's car. The new car will be supplied with all police equipment.

## Open House Friday at new Gas office

Formal opening of the new offices of United Gas at 1608 Avenue M in Hondo will be held Friday, June 2, it was announced by David McGraw, representative for the company.

The public is invited to the gala affair, which will be conducted between the hours of 9:30 a. m. and 4 p. m. The traditional ribbon-cutting ceremonies will take place promptly at 10 a. m.

Refreshments will be served and souvenirs given all guests. In addition all adults attending may register for attendance prizes to be given away at 4 p. m.

First prize will be an outdoor gas grill equipped with

all the newest and finest features of these greatly popular new char-broil devices. Second prize is a handsome cast-aluminum constructed outdoor gas light. A plump, juicy turkey, which will be gas-grill smoke cooked during course of the open house, also will be given away. All visitors are eligible to win, and winners are not required to be present at time of the drawing.

Home Economists for United's South Texas Division will be on hand to assist in greeting guests and preparing and serving refreshments. Many out-of-town officials of United Gas also plan to be here for the occasion.

## Run-Off Election Saturday

By Joe Fohn

Ten of Texas' incumbent and aspiring office holders again take their case to the people Saturday, June 3, as the Second Primary Election will finally clear last May's muddy political picture. The winners will join the victors of May in the final contest this November in the general election.

Four contests dominate the Democratic ballot for the runoff election. For Governor, Dolph Briscoe, who almost took a clear majority in May over six opponents with 44% of the vote, hopes for a good turnout again as he faces Mrs. Frances Farenthold, whose distinct but distant second-place finish surprised many observers.

A Democratic contender for Republican John Tower's U. S. Senate seat will be chosen between Barefoot Sanders and Ralph Yarborough. Medina County voters favored Yarborough in May, when he gathered 2,433 votes here.

For Lieutenant Governor, Wayne Connally of Floresville faces Houston's Bill Hobby after a heated campaign for the State's number two office. Medina County voters favored Connally over Hobby in May.

Robert S. Calvert and Jim Wilson vie for the office of Comptroller of Public Accounts. Incumbent Calvert carried Medina County in the first primary.

For 21st District State Senator, the post vacated by Lieutenant Governor candidate Wayne Connally, Seguin businessman and five-term legislator John Traeger faces Oscar Carrillo, a rancher-farmer of Benavides, who also is a legislator. Traeger led the race in May with a slim lead over Carrillo in a close three-way contest. Medina County voters also favored Traeger in May. A Carrillo campaign source indicated that Carrillo has received added support from Bexar County Police Association.

The turnout is feared to be lower for Saturday's election than for the first primary, if voter interest is reflected in absentee balloting. As of press time, only 66 absentee ballots had been cast for the runoff, compared to a whopping 104 before the May Primary, which saw 5,453 voters, a 65% turnout despite a rainy Museum Day. However, two years ago in 1970, the runoff drew only 51 absentees, and a meager 42% turnout.

The encouraging response last May might have been partly attributable to a new electoral group, the 18 to 20-year olds. While no official breakdown as to their voting preference in the Primary exists, their presence plus a general reform-mindedness among all-age voters contributed to the heavy turnout. Whatever their preference, the youth helped to swell the registered voters from 7,221 in the County in May 1970 to 8514 for the 1972 primaries, a sizeable increase in potential votes.

Republican County Chairman Bruce Foster reports that the Republican runoff between gubernatorial candidates Henry (Hank) Grover and Albert Fay will be held at a single, central polling place in the Medina County Courthouse.

### POLLING PLACES

## Miss Davis named 'Mother of Year'

She isn't really a mother—but The Enterprise publishers and others believe Miss Lucy Justine Davis deserves a special award for the fine work she has been doing with Sinton youths for the past 21 years in the Homemaking Classes of the Sinton High School. So—she has been named the Enterprise's Mother of the Year recipient—which will be a complete surprise to her when she reads this. A corsage for some special occasion of her own choice will be provided her by this newspaper, from Flower Fashions.

Lucy Justine Davis was born and reared in Hondo, the daughter of Mr. and Mrs. Fletcher Davis, who owned and operated the Hondo newspaper for many, many years. So—she undoubtedly learned how to work early in life and still doesn't mind hard work and long hours of it. She didn't tell us this—but this writer can visualize her early girlhood around a small, ink newspaper office and back shop. Her father must have been her ideal for her eyes still gleam when she talks about him. He died about 7 years ago after being retired from "newspapering" for several years. He must have been about 90—we've forgotten exactly.

"Miss Lucy" graduated from high school at Hondo. She has attended several colleges and universities for refresher courses. She got her BS in Home Economics from Our Lady of the Lake College in San Antonio. She has studied at Texas Women's University, the University of Texas, the University of Tennessee and Texas A&L. She has been teaching in public schools for 35 years—but you

wouldn't guess it from her looks or the fast pace at which she moves.

She is not just a classroom teacher—her profession is a way of life with "Miss Lucy". No school could afford her services if they paid her by the hour. She works with both girls and boys in the FHA classes and she doesn't forget those who need her encouragement even when they have finished SHS. She keeps in touch with them. We know for she has paid for subs for this newspaper for many youths when they were away in the service of their country. She writes your many letters—as many as her busy schedule will allow.

The extra projects—just mentioning a few—in which she is so deeply involved and to which she is so totally dedicated include the County A&H Show which requires many, many hours of after-school activities and hard labor; the FHA handiwork for Red Cross which is given twice per year to the Naval Hospital for Christmas and Easter. These items such as place mats, cards and mobiles are really works of art and much of the work is done after school by FHA girls who get the inspiration and motivation from "Miss Lucy" and her co-teacher, Mrs. Marva Jo Fraser. They are always so proud of their work when it is finally finished.

"Miss Lucy" doesn't just teach good homemaking "from a book"—she patiently teaches sewing and practical and fancy cooking to all. If they don't learn under her—it's their fault. She is soft spoken yet she rules with an "Iron hand" so to speak. She is most always available for counseling even though it means little time is ever left that she can call her own. And she probably wouldn't have it otherwise most of the time. She would be miserable with nothing about which to be busy, we're sure. She does like to "eat out" with lady friends since she doesn't have time to cook at home.

Not only does she teach homemaking to those passing

## Revaldina training school

The Revaldina FFA District Officers Training School will be held at Utopia, June 5th and 6th. This is the oldest FFA district officers training school in Texas being in operation since 1938.

The training school serves two purposes in the district -- the newly-elected chapter officers are trained for the duties of their respective offices and the group set up district FFA activities for the following school year.

The first business session will be held at 9:30 Monday morning at which time new district officers will be elected. Later on Monday group meetings will be held by the set of officers. In the afternoon an FFA quiz will be conducted by D'Hanis and Hondo chapters.

Those attending from Hondo will be Kenny Weynand, Larry McWilliams, Tim Hardt, Gene McAnelly, Pat Stein, Terry Mechler and advisers J. D. Schmidt and John McAnelly.

## Parade, rodeo this weekend

Friday, June 2, will mark the start of the Medina County Rodeo Associations annual two-day rodeo with a parade beginning at 6 that evening.

The parade will form at 708 18th st. and proceed west to Ave. M. From there the riders will go north turning east on to 17th St., go north on Ave. M to 16th and back on the Ave. M to 14th St. On 14th the parade will continue to Ave. Y and on to the rodeo grounds.

Parade chairman is Bobby

Ward with assistant Tommy Stedum.

Along with roping and riding events two other events will include a wild cow milking contest for members and a calf scramble for kids under 12.

A dance will follow after the rodeo performances each evening at Hondo City Park.

Chairman of the big event, Clay Heyen, urges everyone to come on out for fun and entertainment this Friday and Saturday, June 2-3.

### WOULD YOU BELIEVE

... that I ran into someone from Hondo? Or, he practically is, since he married a Hondo girl.

Lt. Col. Carl Gordon from Wright-Patterson AFB, Ohio is one of the leaders in our exercise. He is the husband of the former Doris Schulte, daughter of County Clerk and Mrs. Henry Schulte.

Col. Gordon, who holds a Ph.D from Arizona, is assigned to the Air Force Institute of Technology where he heads the Quantitative Studies Department.

He tells me the Gordon family plans on heading for Texas in the near future and he is looking forward to eating the famous barbecue of Medina County and enjoying the excellent fishing. I also invited him to bring his golf clubs and play a round or two on the Hondo Golf Course.

I understand Mrs. Gordon is an avid reader of the Anvil Herald, so I hope she likes this little scoop I came all the way to Blackstone, Va. to find.

### BUT

... that's not all. Another exercise leader, Maj. Ed Osuchowski, who is married to a Harlingen, Texas girl, says he has a friend who he is sure married a Hondo girl "or from somewhere in that area". The name is Phil Tague so maybe they will be reading this also.

### PASSING OUT

... Hondo sign postcards is an enjoyable chore I have been doing since our departure from Texas. Almost every place we stopped we left some. And they are in good places, like Bucksnort, Tennessee. Now, I know we should get a lot of visitors from Bucksnort, because the waitress at the one cafe and service station (combination) said people there travel a lot.

This is a task assigned me by Harry Filleman, who takes every opportunity to allow Hondo citizens to perform a little Chamber of Commerce work, and so help me, Harry, by some hook-a-ma-crook I'll get rid of that foot-high stack of cards you gave me.

### MANY THANKS

... are due my dedicated staff for carrying on while the Boss is out playing soldier. I do appreciate their dedication. In fact, I just called home at this point in this column and Patricia tells me the paper (May 25) looks good and was out early. Who knows, maybe they'll prove they can do without me (now I know Bill Berger didn't hear me say that).

### RECENT RAILWAY CROSSING

... accidents prompted me to question why there is no city ordinance covering the stopping at railway crossings and imposing fines for those who do not. The following explanation gives what I consider a good insight into the situation. I am glad it was furnished to me.

"Years ago, the Texas Supreme Court held that a party in a negligence action who has violated an ordinance or statute intended to promote safety, and if such violation is connected with his injuries, cannot recover as a matter of law. This is known as "negligence per se".

"If you put a stop sign at the railroad track, whether a motorist stops or not does not depend on the ordinance, since he does not know whether there is an ordinance.

"If we adopt an ordinance requiring

## WASHINGTON

From the desk of  
Congressman Kazen

The official population of our 23rd Congressional District is 466,248. Of these people, almost half are under 21 years of age. Just under 50 percent have moved in the five years preceding the census. More homes have television set than have telephones or washing machines.

These are some of a host of interesting facts provided me by the Census Bureau. They are based on the national tabulation of April, 1970, and the samples taken at that time that provide official calculations on detailed studies. I believe residents of the district will find this report as interesting as I do.

Our district has 4.2 percent of Texas' total population of 11,196,730 persons. The urban population for the district totals 324,276, or 69.6 percent. The rural farm population is 34,678, or 7.4 percent, while the remaining 107,294 persons, or 23 percent, live in small communities or on plots of ground too small to be classified as farms. The Census Bureau defines such plots as less than 10 acres, with less than \$250 in product sales. MANY YOUNG PEOPLE

We have 212,709 persons under the age of 21 and 41,266 over 65 years. Another breakdown shows 132,776 children between the ages of 6 and 17, and 131,902 between the ages of 35 and 65. There are 448,492 Caucasians, 15,853 Negroes, 463 American Indians, 358 Japanese and 254 Chinese. The count of Spanish language or Spanish surname people is 222,124 persons, or 47.6 percent of the district population.

There are 109,552 families of two or more persons; the average size of a family is a fraction under four. I found the mobility statistics very interesting: 46.1 percent of the 419,970 persons aged five or over moved between 1965 and 1970. Of these, almost half moved within the same county, while 19 percent moved from one county to another within the state. There were 32,000 newcomers from foreign nations and 33,000 from elsewhere in the United States. These included 3,500 from the northeast, 8,900 from the north central states, 11,500 from the south and 9,400 from the west. LABOR, INCOME STATISTICS

The Census Bureau counted a labor force of 160,680 persons, or 54 percent of all persons 16 years or older. About 15,000 were members of the armed forces. Women comprised 36 percent of the labor force. Wholesale-retail trade the largest industrial category.

The median family income was \$6,482 which means that half of the families were above that figure and half below. The statistics show 22,000 families with less than \$3,000 income, 19,300 between \$3,000 and \$5,000, and 18,000 between \$5,000 and \$7,000. There were 22,100 between \$7,000 and \$10,000, 18,600 between \$10,000 and \$15,000, some 8,000 between \$15,000 and \$25,000, and 1,600 families over \$25,000.

Housing studies showed 142,000 year-round housing units in the district, with 70 percent of these owner occu-

pled. Of these units, 80 percent had one or fewer persons per room, 11 percent had one to 1.5 persons, and 3.8 percent with more than 1.5 persons per room. PLUMBING ANALYZED

Often used as a measure of adequate housing is the availability of such plumbing as hot running water, toilet and bathtub or shower. Our district showed 83 percent of the housing had these facilities, but we were second highest in the state among districts with housing lacking such facilities. Because I have been aware of this need, I have worked hard to get water and sewer services in our communities extended. I have been pleased with several recent grants for such projects.

The median value of owner-occupied homes in the district is \$10,018, and the median for rental units was \$74 per month.

There are interesting figures on automobiles and household equipment. An automobile was available to 108,000 or 85 percent of the households, with 35,000 having two cars and 6,300 three or more.

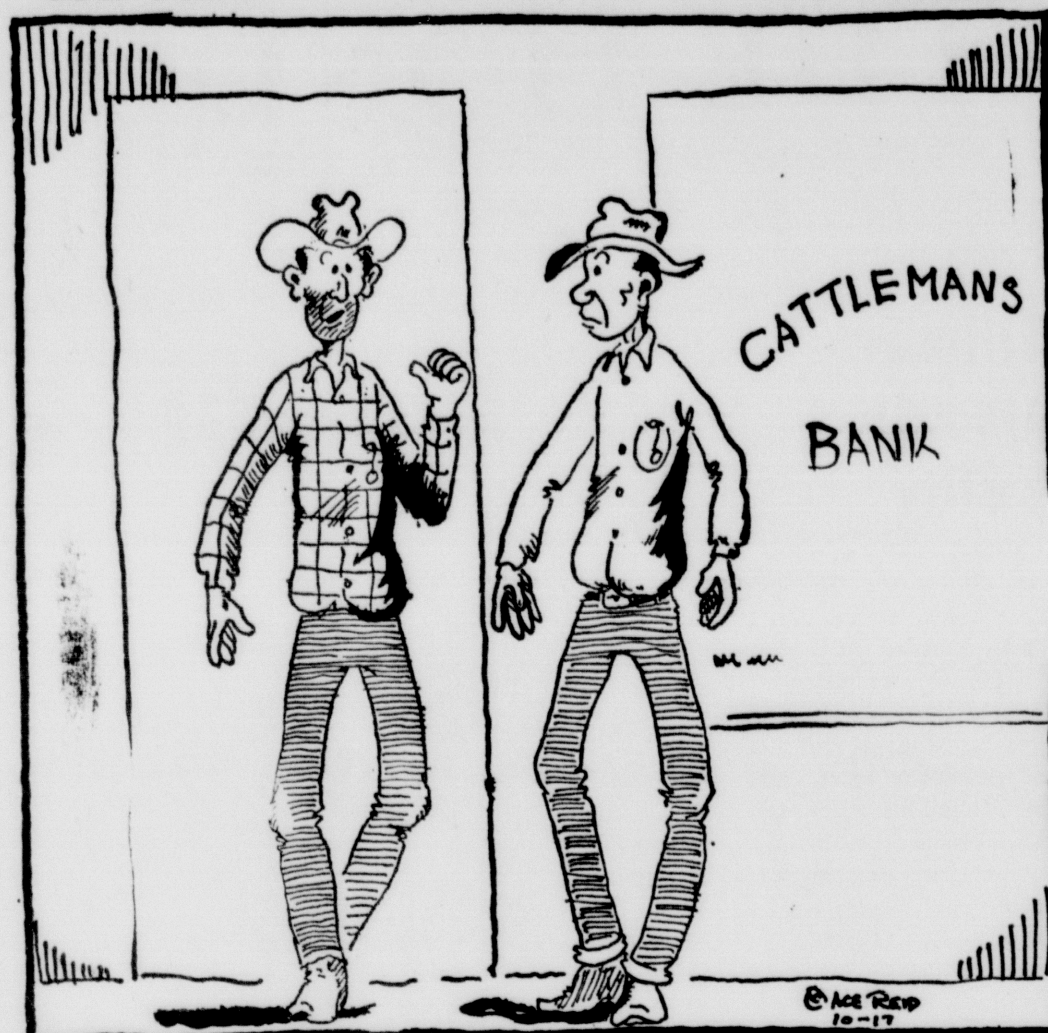

There were television sets in 117,000 of the 127,500 households, compared to 102,000 with public water supply, 96,000 with telephones, 95,000 with washing machines and 63,000 with air conditioners.

Vote Saturday, June 3

Support good government;  
Texas needs Dolph Briscoe

Saturday, June 3, is decision time for Democrats in Texas. They undoubtedly will select the next governor of the State.

And by all facts of reasoning that selection should be Dolph Briscoe.

Now, more than ever, Texas needs moderate government. We have progressed tremendously for several years under a governmental approach that places a balanced budget as the top priority.

We need to continue this approach, but at the same time have a governor who will work vigorously for changes that will improve the system so that our State Government can work even better for its citizens. Dolph Briscoe stands for progress

without radical change.

Dolph Briscoe stands for moderation with an eye on changes that will improve the lot of all citizens.

He has proposed a strong rural development plan that will strengthen areas like Medina County and at the same time alleviate some of the problems of the urban areas by providing the opportunity for people to leave the big cities and find job opportunities in less populated areas.

Texas does not need a far out liberal in the governor's mansion. Texas does not need talk.

Texas needs positive action. Texas needs Dolph Briscoe as Governor. Vote Briscoe Saturday. --BKL

## Tourist industry shows increase

AUTIN---The Texas Highway Department today released its annual summary of the state tourist industry, showing a healthy 8.9 per cent upsurge of auto tourists from out of state who visited Texas during 1971.

Following two years of successive slight declines after the banner HemisFair year, out-of-state auto visitors returned in numbers totaling 16,452,000.

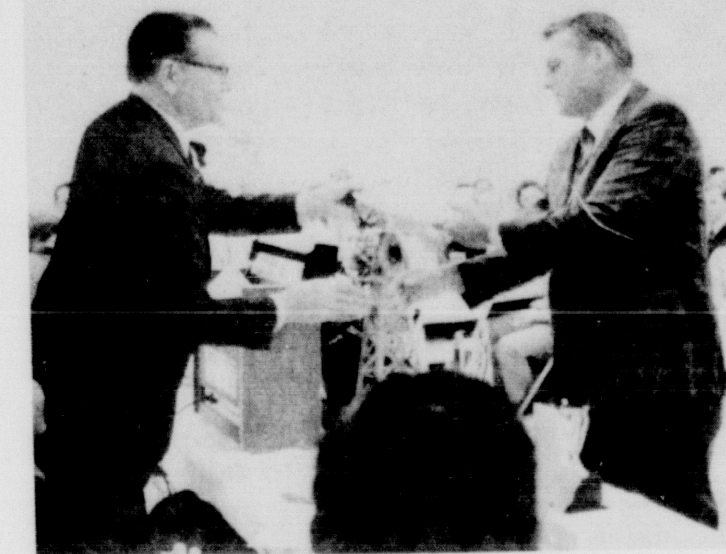

Even more encouraging than the volume of visitors were tourist expenditures, up 33.7 per cent for a total of \$1,305,367,000. Earned elsewhere and added whole to the Texas economy, the sum represents an immensely valuable stimulus of new money.

Vacationing was the main reason 68 per cent of the auto

travelers came. Business was cited by 15 per cent, while 6 per cent combined both vacations and business. Other factors included conventions and arrival of new residents.

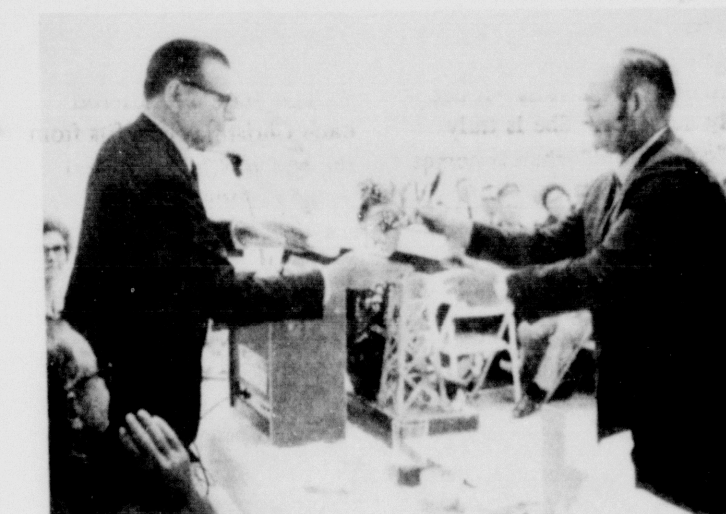

The professional travel counselors at the bureau reported that tourists are seeking more information on activities, attractions and facilities. No longer content to know just the shortest highway route, they are demanding comprehensive information about their destination and points of interest along the way.

A free copy of the 1971 Texas Visitor Industry Report may be obtained by writing the Texas Highway Department, Travel & Information Division, P.O. Box 5064, Austin 78763.

## Lt. Emanuel Honig enters pilot training

LUBBOCK, Tex. --Second Lieutenant Emanuel M. Honig, son of Mr. and Mrs. William A. Honig of 2009 Avenue F, Hondo, has entered U.S. Air Force pilot training at Reese AFB, Texas.

Lieutenant Honig will fly the newest Air Force jet trainers and receive special academic and military training during the year-long course. He will be awarded silver pilot wings upon completion of the Air Training

Command flying program.

The lieutenant, a 1966 graduate of Hondo High School, received his B.S. and M.S. degrees in electrical engineering from Texas Technological University and was commissioned there in 1970 through the Air Force Reserve Officers Training Corps program. He is a member of Tau Beta Pi. His wife, Carol, is the daughter of Mr. and Mrs. Chester Walch, Hondo.

## VOTE FOR PERFORMANCE

There is no margin for error in an office that must guarantee the biennial fiscal solvency of the state—balancing billions in receipts to payments each year. Bob Calvert has built a tax accounting system that is considered a model for study by other states. During 23 years as Comptroller, he has an unblemished record of remarkable public service.

## VOTE FOR EFFICIENCY

Bob Calvert has continually modernized operations to provide greater service at lowest cost. The electronic data-processing equipment he installed is recognized as one of the most sophisticated and efficient computer systems in the nation.

## VOTE FOR CONFIDENCE

Under Bob Calvert, the Comptroller's Office has returned \$450,776,028.09 to 692 Texas cities since their sales tax was enacted. Every penny has been accounted for. His records are verified by the State Auditor's Department to insure absolute accuracy. The Texas Research League has proclaimed Calvert's office one of the most outstanding in the country in accounting and administration.

## VOTE FOR INTEGRITY

The only things "old fashioned" about Bob Calvert are the virtues of honesty and integrity which he considers vital for a person in a position of such public trust. On the other hand, his runoff opponent, who has had six marriages, four divorces and one annulment, was fired from the Comptroller's Department last November after being convicted of aggravated assault on a female.

each motorist to stop, look and listen at the railroad track, we would end up with a situation that it would be virtually impossible to ever hold the railroad company responsible for any injury done to the public at grade crossings, since it would ordinarily appear that a motorist who came to a complete stop before proceeding would not get hurt.

"It is true that absent an ordinance you cannot collect a fine from a motorist who does not stop, but it is also true that if you have the ordinance the railroad company is in effect relieved of all responsibility for its acts. Among other things, the incentive on the part of the railroad company to protect these crossings would be greatly diminished if they were relieved of liability, which the ordinance would tend to do."

her way in the FHA department but she tries so hard to instill in them high ideals, good manners, honesty, and pride in personal appearance. And when she fails--it deeply hurts her. She is truly "color blind" when it comes to dealing with young people.

As for hobbies, "Miss Lucy" doesn't really need many but she does collect OWLS and antiques. Maybe the OWLS idea started because the Hondo athletes are named Owls. She likes to read but really doesn't find as much time to do that as she needs. But she keeps well informed on all subjects.

She is a devout Catholic but is tolerant of all other religions. She is a good citizen, taking an interest in politics on all levels--but has no personal political ambitions or any special "axes to grind". She isn't interested in Women's Lib. She's too BUSY!

The FHA had the Library Fund as a project this year and staged a huge garage sale for its benefit--and it was quite successful although lots of work. Of course "Miss Lucy" worked as hard as any of the girls--and most likely

harder. She never asks any of her students to do work she would not do--and no job is too menial or too big for her to tackle.

The State TB Hospital each Christmas benefits from the annual Christmas Seal Project which the Sinton High students boost by school-wide assembly program. The FHA donated toward the foreign exchange student work last year.

The Enterprise annual "Mother of the Year Award" has never before been made to a non-mother but there are many who have several children who don't qualify as a real MOTHER as well as Miss Davis does--since she has so many young people whose lives she touches--and almost always for "good". She is very modest about her helpfulness.

So--it is with greatest pride and pleasure we salute "Miss Lucy" Davis. And may there be many, many more "Miss Lucy's" to brighten, lead and bless in our public school classrooms for years to come--and may she continue in her fine work for a long, long time!

## Parties honor Laura Rothe

Miss Laura Rothe, daughter of Mr. and Mrs. Ferd L. Rothe of D'Hanis and Hondo and bride-elect of Donald Abbott, son of Mr. and Mrs. Clyde Abbott of Devine, has been feted with numerous parties.

The Whitehurst Room of Marion Hall at Incarnate Word College was the scene of a kitchen shower on April

24, given by Laura's bridal attendants, Mrs. Patty Williams, Misses Debbie Bendele, Debby Shal and friends Miss Frankie Barkowski and Mary Ellen Rock. Many college friends and teachers were present, also Mesdames Clyde Abbott, Willie Allen, D. W. McGee, Jr., Ferd Rothe and Miss Debra Allen.

The home of Mrs. Martha Barth of San Antonio also served as the party home for a miscellaneous shower on April 28, given by friends of Mrs. Clyde Abbott.

Friends of Mrs. Rothe's, Mrs. M. Q. Smith and Mrs. M. T. Schuchart, were co-hostesses at a luncheon and pantry shower at the D'Hanis ranch home of Mrs. Schuchart on April 29. There

were twelve guests who brought all sorts of groceries to stock Laura's pantry.

May 6 was the date 38 friends of the Rothes and Abbotts chose to honor Laura with a miscellaneous shower in the school lunch room of D'Hanis Public School. Many guests came during the afternoon to wish the bride blessings and happiness in her chosen vocation.

## That's all she wrote

by Edna McDade

Recently acquired information that merits sharing is this: If you happen to be hoarding one million US standard silver dollars, better not try jingling them in your pocket. According to an old encyclopedia in the Museum's collection of time-worn books, their weight would total 28-1/4 tons.

Might tear a hole in your pocket.

Calla lillies were at their show-off best when I saw huge beds of them at the Hwy 90 West home of JOE and ETHEL MARTIN.

And the corn crop was living proof that irrigation pays, even when rains are welcome between waterings.

WINNIE (Mrs. G. O.) BRADEN says "Kinfolks are always popping up somewhere in the news. Sometimes I'm afraid to read!"

However, she was pleased to find that a young cousin, LUCINDA WILCOXEN, was the valedictorian of the '72 class, Smiley High School. Lucinda's father, the Rev. Buddy Wilcoxon, and Winnie's father, L. F. RUCKER, are cousins.

GLADYS (Mrs. Lee D.) WILLIAMS does her flower gardening on canvas. She is giving her artistic talent opportunity to express itself, after long years of dedication as a Registered Nurse and says she feels "like a soul set free" although she found nursing a challenging profession.

Her display of oils and pastels created much interest at the Arts & Crafts showing on Museum Day. Some day she hopes to have her own studio. For the present, "even a bedpost can serve as an easel," Gladys says.

"Rather tatty and slummy" is how the British describe areas of London which have fallen into "neglect and disrepair".

With all the programs in work among our Hondo organizations, including the cooperation of our youth groups, too many sections of our town might still qualify as "rather tatty and slummy".

This summer could be a fine time to get those weed-carpeted lots cleared and the debris relegated to where it should go.

"I wish I had" is a plaint common to most of us. GEORGE, 12-year old middleman in the RAY JONES family, doesn't just yearn. He earns to make his wish come true.

Before vacation began, George had canvassed potential needers of "somebody to do yard work" and had even distributed his own cards "for ready reference."

George has his own power mower and edger. What he is yearning for now is a rider-mower, which is why he is setting seriously about the business of earning what it takes to buy one. His phone number is 6-2606.

VANGIE and MARGIE, daughters of City Policeman JUAN and MANUELA BARRIENTES, share the same birthday date in different months. Vangie will be six July 21; her younger sister was five Feb. 21. Their mother says "Sometimes they think they are almost twins."

TEX KRIEWALD, head man in the running-things department at our local HEB Food Store, has been on an enforced vacation and a diet of prescriptions.

Back at the store, his crew miss him and are "toting double" if necessary to keep things running smoothly until the Boss gets back.

BROOMS have come a long way since I served my apprenticeship at pushing one around, before a vacuum cleaner became standard equipment in a bride's housekeeping trousseau.

A recent issue of BROOM CORN NEWS carried a 3-page ad for an Italian broom factory founded in 1960 and now in a new building in Pistoia, using ultra-modern techniques etc.

Brooms are sold under such names as EVA, IRIS, DEA and SUSI, much after the manner by which our US weather Bureau identifies hurricane. Maybe the Italian word for broom means hurry-canes.

Polypropylene fiber "is now used instead of millet" in their construction. I'm wondering if any of our Medina County broom corn ever reaches the boot-shaped peninsula overseas? Sorry, I didn't think to ask JOE and PEARL GRANIERI (now on a visit to Joe's birthplace in COZENZA) to check this.

RALPH NADER might not know about this but a Texas motel marquee is carrying this warning: "Careless drivers might be returned to their Maker."

## Wreck drives rail thru truck

A one-car accident on a bridge on Hwy. 90 west in Hondo last Tuesday night around 8:30 seriously injured the lone occupant of the pick-up truck.

Police officials say the truck was travelling east at a high rate of speed when it attempted to pass two other vehicles on the four-lane highway and went out of control, striking the bridge and driving a guard rail through the cab of the pickup.

The driver, William V. Hall of 2007 Ackerman Road in San Antonio, suffered a severed left leg and chest injuries in the crash. An ambulance transferred Hall to a San Antonio hospital.

Hondo city policeman Pete Pruneda investigated the crash.

## June 6-8 State 4-H Roundup

More than 1,800 4-H boys and girls from throughout the state will be invading the campus of Texas A&M University June 6-8 for the 1972 State 4-H Roundup. They will be bringing a multitude of talents and abilities as they enter into statewide competition in more than 30 contests and demonstrations.

In addition to the 4-Hers, state 4-H officials say that some 600 adults including county extension agents, 4-H leaders, friends of 4-H, contest donors and members of the board of directors of the Texas 4-H Youth Development Foundation will also be on hand.

The 4-Hers attending Roundup have already been named county and district winners in various demonstrations and judging contests. To be eligible to compete at the state level, the boys and girls must have won first or second place in district competition. There are 13 districts of the Texas Agricultural Extension Service, the parent organization of 4-H.

This year's Roundup will officially get under way with a general assembly at 5:30 p.m. on June 6 in G. Rollie White Coliseum. Special awards will be presented to 10 individuals, businesses and mass media representatives who have made outstanding contributions to 4-H work. These awards are provided by the Texas 4-H Youth Development Foundation.

One of the special activities of the Roundup is an adult leader recognition luncheon on June 7 honoring those who have given strong support to 4-H. Twenty-seven 4-H adult leaders will each receive a special plaque from the 4-H foundation.

Contest winners and donors will be honored at a special recognition program that evening.

According to state 4-H officials, the annual Roundup is one of the oldest statewide 4-H gatherings in the nation. It began near the turn of the century before 4-H officially became the youth phase program of the Cooperative Extension Service.

Participants from Medina County that will represent District 13 are:

SENIOR TEAMS--Beef Cattle Symposium, 1st - Deanna Howard and Lynda Howard of Devine; Clothing Ed. Act., 2nd - Clara Zinsmeyer, LaCoste; Vegetable Production & Mkt., 1st - Mariette Aelvoet and Gordie Bohmfalk, S. Hondo Unit I; Safety, 1st - Greg Saathoff and Denise Saathoff, N. # The Duval County Political Machine Vs. The People Of South Texas !

That's What This  
**DISTRICT 21**  
State Senate Race  
Is All About !

**Vote For JOHN TRAEGER For Senator**  
In Saturday's Democratic Primary Run-Off

Representative John Traeger from Seguin is **EXPERIENCED, CONCERNED** and **DEDICATED** to **EFFECTIVE** and **ECONOMICAL** STATE GOVERNMENT.

In contrast to his opponent from Duval County, John Traeger is **FREE** of **CONTROL** from any political machine or faction.

You Won't Have To "Clear It" With Anybody When You Want To Talk To Sen. John Traeger In Austin!

"Thanks" to the people of Medina County for their generous 1st Primary Support.

## Card of Thanks

Deepest gratitude extended  
to all those who expressed  
sympathy at the time of the  
death of Mr. Fritz DeGroot.  
Special thanks to Brown's  
Nursing Home and Father  
Emmett Carolan and to  
Guinn-Horger Funeral Home.  
Also thanks to those who sent  
food, masses and memorials.  
The family of  
Fritz DeGroot 6-1-1tp

\*\*\*  
I want to thank all my  
friends who during my recent  
illness, sent cards and their  
best wishes for my speedy  
recovery.  
Hazel Price Taylor 6-1-1tp

\*\*\*  
Because we are unable to  
see each one personally to  
express our thanks and ap-  
preciation for the many evi-  
dences of your kindness and  
sympathy, we send this mes-  
sage to each of you. The lov-  
ely flowers, cards and gifts,  
the delicious food and the  
countless expressions of love  
and sympathy did much to  
cheer our loved one during  
her illness, and to comfort  
us at her homegoing. Our  
special thanks to the doctors  
and nurses at the hospital  
and sincere appreciation to  
all the other friends. May  
God Bless you all.  
The family of Mrs.  
Guido (Allen) Richter 6-1-1tp

## Little Leaguers to compete in Astros Boys Baseball Finals

Over 500 Medina County boys ages 8-12 are expected to begin competing this week for the county-wide finals in the Astros Boys Baseball contest sponsored by the Houston Astros and Radio Station KRME.

The contest is open to any boy aged 8-12, but preliminary contests will be held all this week on the various Little League and youth baseball teams throughout the county to determine the individual team winners in two

classes, age 8-10 and 10-12.

The winners from the youth and Little League programs in Devine-Natalia, Castroville-LaCoste-Lytle and Hondo-D'Hanis will be invited to compete in the finals tentatively scheduled for Saturday, June 10. The two county winners and their parents will be given an expense paid trip to Houston to compete with other win-

ners in the Astrodome on the weekend of June 30 and July 1 and 2.

Any member of Medina County Little League teams or youth teams can get additional information from their team managers. Those boys who are not members of an organized team, but still wish to participate, may pick up entry blanks at the KRME

Studios or may write for them.

Leon Tschirhart of the Castroville Youth Baseball program; Travis Byrom of the Devine-Natalia Little League; and Hilmer Mueller of the Hondo Little League have cooperated with Radio Station KRME in conducting the county-wide preliminary contests.

## Hondo Men-Women-Pro-Am Reset for June 13

Players in the Hondo Men's and Women's Pro-Am Tournament scheduled for June 6 will get a chance at another week's practice. The tournament has been rescheduled for June 13, says Hondo Golf pro Virgil Krenmueller.

Due to scheduling conflicts with the Devine Women's Invitational, the new date

was fixed for the event, which will tee off in a shotgun start at 1:30 p.m. Tuesday, June 13.

The field will be limited

to 72 players. Entry fees and handicaps must be received no later than 11:30 a.m. Tuesday June 13. All handicaps must be verified.

### Library given service counter

Hondo Public Library was the happy recipient recently of a service counter with much-needed storage and working space from the United Gas Corporation of Hondo.

Mrs. Lottie Maw, Librarian, says the library now needs three high counter stools to complete the working efficiency of this unit. If any good Hondo citizen has such stools to donate, he could greatly assist the library.

Other donations of books, magazines, paperbacks and office equipment were received from Mr. and Mrs. George A. Thalman, George Decker, Susan McGarity, Mrs. Mabel Jones, Mrs. Lydia Hanna, Tom G. Kuykendall, Lee Murphy, Delma D. Tovar, the Paul Reillys, Mrs. O. M. Redus, Linda Schmidt, Mrs. E. Wollschlaeger, Lori Fiddle, Frances Ramirez and Virginia Clift.

The four shelf units and

file cabinet purchased by the Friends of the Library are now installed and in use.

## Here in Hondo

Among those attending graduation exercises on Monday night at Virgil Blossom Athletic Hall, S.A. were:

Mr. and Mrs. G. O. Braden, Mrs. Jimmie Rogers, Mrs. Tom Jungman and daughters Laura and Lynda of Castroville. The occasion was the graduation from Churchill High School of Karen Shaw, daughter of Lt. Col. and Mrs. R. G. Shaw of SA. Karen is the first granddaughter of Mr. and Mrs. Braden to graduate from high school. Karen plans to attend college this fall.

## Weynand earns B.S. degree

Bernard Weynand received a Bachelor of Science degree in Wildlife Science from Texas A&M University on May 6.

A native of D'Hanis, Weynand is a member of Phi Theta Kappa, an honor society. At A&M he was a member of the Wildlife Biology Association and is now a member of the Wildlife Society.

Weynand and his wife, the former Linda Land of Fredericksburg, and their daughter Rhonda will reside in Bryan.

## Religion class seniors get diplomas

Religion class diplomas were awarded to nine seniors of D'Hanis High School who are members of Holy Cross Catholic Church. These seniors attended the major part of some 130 classes in the Con-

fraternity of Christian Doctrine the past school year. The Very Rev. Victor G. Schmidtinsky, V.F., Pastor, served as master of ceremonies at the presentation of diplomas by their religion teachers, Mrs. Herman Fohn and Mrs. Olivia Nester. Front row (l-r) are, Alex Pargas, Bertha Jean Trevino, Debbie Cheney and Julia Reyes; second row (l-r), Lucy Muniz, Madelyn Fohn, August "Augie" Rothe, Bette Zane Zinsmeyer and Mary Tovar. August Rothe has been the president of the Parish CYO. These seniors graduated with their group of 20 Friday, May 26. (Photo by Father Victor)

NEWEST HISTORIC SITE MARKER

Mrs. Josie Rothe Finger, far left, and Mr. and Mrs. W. Earl Rowe stand beside the site marker commemorating the Rothe ancestral home, (background) now owned by the Rowes. Mrs. Finger is chairman of the Medina County Historical Survey Association.

The marker reads, "Rothe-Rowe

Ranch House: On land bordering Fort Lincoln (Garrisoned by U.S. Army, 1849-53) and Woll Road (travel artery, 1840's-80's), owned after 1860 by Fritz Rothe and Brothers. Louis Rothe (1843-1921) built this native stone house in 1882. Successive owners have had noted guests, including Gen. Jonathan Wainright, U.S.A."

## Hondo phone service shows increase

More than 2,845 telephones were in service in Hondo as of the end of 1972, a healthy increase of almost 7.3 per cent during 1971, Harold Johnson, manager for Southwestern Bell, said today.

"Telephone growth is considered a good indicator of overall economic growth," Johnson said. "The addition of 207 phones last year shows that Hondo is on the grow." Johnson said Hondo residents are using their phones more, too. "In November, 10,663 calls were dialed here on an average business day.

That's a 15.6 per cent increase over November, 1970."

Looking to the future, Johnson said local telephone projects scheduled here this year include start of installation of dial equipment for 200 new phone numbers to meet future growth.

Last year, more trunks connecting Hondo to long distance switchboards in San Antonio were completed, along with equipment for 100 new phone numbers.

"Growth and expansion are likely to continue for the city's communications sys-

tem," Johnson said. "Telephone engineers predict that Hondo will have 3,590 telephones in service by the end of 1975."

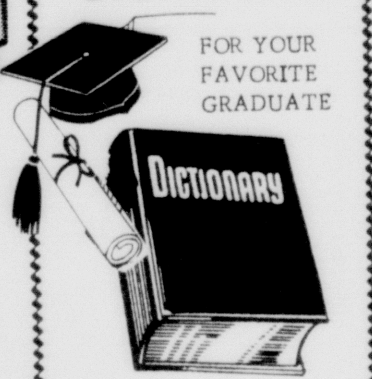

He added that a record \$150 million construction budget has been set for Southwestern Bell's San Antonio Area, of which Hondo is a part. The 1972 budget includes expenses for central office equipment, buildings and additional plant facilities, such as telephone cable, in an area covering approximately the western two-thirds of Texas.

## Scouts Observe 60th Anniversary

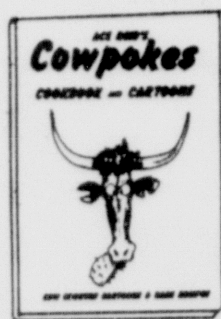

SAN ANTONIO--Five months may seem like a long time off, but Scouts in Hondo and Medina County will be prepared as they begin planning what they will do in "Scout Country Fair," the big show of Scouting set here for next October.

"We look forward to participation by Scouts from Hondo, as they join colleagues from throughout the 13 counties of our Alamo Area Council," said Lt. Gen. Patrick F. Cassidy, general chairman of this year's show.

Date of "Scout Country Fair" is Oct. 21, from 1 to 9 p. m. at the council's McGinnis Scout Park, off Military Drive, San Antonio. The show this year salutes the council's 60th anniversary.

It was also announced that Hondo and Medina County boys completing the fifth grade this month can join a Scout troop without waiting until they are 11 years old, headquarters of Alamo Area Council announced here this week. This will enable the new Scouts to attend summer camp this year.
